FMC Technologies Approved Special Process Supplier

Attention: Willem Konings

Schelde Exotech
Koningsweg 2
4381 NA Vlissingen
The Netherlands

Dear Willem Konings,

we are pleased to inform you that after review of results from previous FMC Technologies Audits and supporting technical approval of your facility, FMC's Global Supplier Review Board has approved Schelde Exotech for the performance of the following Special Processes on FMC Technologies materials and products:

Welding and Heat Treatment

This approval is valid for provision of the above named Special Processes to FMC Technologies and its suppliers **from December 2015 until December 2018** unless a major change of Processes, Process equipment, Procedures, Company ownership, Management and / or Facilities has taken place within your organization. If such major change occurs, please inform FMC Technologies immediately. Your Special Processes will then need to be re-evaluated by FMC Technologies for approval.

The FMC Supplier Review Board
